

United Oilseeds
THE LEADING BREAK CROP SPECIALIST

"If only there was an OSR Contract for Growers that was default free"

There is!

It's called a "Produce of Area Contract" and is only available from United Oilseeds the independent farmers' Co-operative

- ✿ Our Produce of Area Contracts are available to farmer members of United Oilseeds and are unique because they carry no penalties for under production – provided you commit your whole OSR area to us.
- ✿ Knowing that you won't be defaulted if your crop comes up light will give you peace of mind during the growing season, especially when local conditions may sometimes include drought, floods and storms.
- ✿ Our Produce of Area Contracts can be combined with our Marketing Pools or with Fixed Price Contracts, whichever is your preferred choice.
- ✿ If you are already a member, you can book a Produce of Area Contract now. If you're not a member and would like to join us and book a Produce of Area Contract, joining costs just £15 for life membership.

"We always put our OSR crop on a Produce of Area Contract, as it means we don't have to worry about under delivering if the crop doesn't yield the expected tonnage."

Felix Carter
Hodgetts Farming Ltd.
Gloucestershire

"With so many variables that can affect a crop during a growing season, United Oilseeds Produce of Area Contracts are a superb way to reduce risk and avoid financial penalties."

Don Jackson
H. Jackson & Sons
South Yorkshire

THIS IS NOT A SPECIAL OFFER

As a farmers' independent co-operative, United Oilseeds has provided penalty-free Produce of Area Contracts as a membership benefit for the last 20 years.
